

ATLANTA'S AIR QUALITY, MOLD EVALUATION, SCREENING & ELIMINATION FIRM

Our conventional mold assessment at Moldstar Remediation is a multi-tiered process. When we identify visible mold and mildew, additional screening is generally not needed. If an insurance provider is entailed, after that the mold screening includes our multi-point examination process. We collaborate with all insurance provider and insurers. Discover more about our process listed below.

THE MOLD AND MILDEW INSPECTION PROCESS

Professional completes a **complete assestment** of your house

We look for **mold and mildew, water damages, dampness and also any prospective air issues**

Utilizing customized devices such as infra-red cameras and also dampness meters

At the very least 2 interior samples are taken

The samples are then sent out to a third celebration lab for screening.

Office Disinfecting Services
