About Us

The Blue Cell, LLC is a by design planning company with a primary focus on education and training for government at all levels, non governmental agencies and private sector entities engaged in incident and emergency management activities. Additional areas of equal service emphasis at the company today are all components of emergency exercise and facilitation and consulting /planning services. Blue Cell personnel are also available to deploy in support of any previous or current contracted client on real world incidents. The Blue Cell, LLC has over 2500 private sector, non governmental and governmental clients from its varied interests across North America. Our newest product line, TTX Vault, is a first of its kind one stop location designed to jump start your exercise program. Click below to learn more.
