What aspect of your role do you enjoy most?

Meeting interesting people and being incredibly resourceful. There is nothing I love more than the big hugs I get from first time home buyers who are so proud of their first home. I am always up for a new adventure, whether it is climbing a piece of land in deep snow to take a video or bushwhacking with a potential client!

What advice would you give to a new agent?

Get a coach and participate in group coaching. Bounce off situations with your peers; there is always someone willing to help you.

If you could do another job just for one day, what would it be?

Teach Cultural Studies at a University. I received my Bachelors Degree later in life and I had such respect for my Professors who inspired me to be a lifelong learner.

What's something that you're proud of?

The volunteer work I do with the Barre Justice Center, supporting those who were previously incarcerated make better decisions in life. Also, having the gumption to start a business; there is nothing better than being the boss of you!

When are you happiest?

Being with family and enjoying my 10 month old grandson, soaking in nature and traveling. I always have my sights set on another new place to explore.
