

YACHTING HOLIDAYS IN GREECE

We are the 'Bounty' crew and team members, and we are happy to welcome you to our Pirate Vessel. Hopefully, we will be happy to meet you soon, during our upcoming sailing trips and events.

m/s 'Bounty' has been handcrafted and meticulously restored, to become one of the most beautiful and versatile traditional vessels in Greece, offering modern facilities.

Here is our story; we hope you will enjoy it: The motivation was simple; we all love the sea and sailing. Then, there was a good fate that made the right people, at the right time, to come together and make their common dreams a reality. Of course, there was a lot of hard work of which, we are happy to present the results to all of you, lovers of sailing adventure. Our pleasure comes in waves. That was the beginning of m/s 'Bounty Day Cruises' and of her friendly crew.
