

The VCD moves people – ecologically and safely!

The VCD is ...

an **association for sustainable mobility** and a major German transport and environmental organisation.

- ... **founded** in 1986
- ... **about 60 000** members and supporters
- ... **150 local groups** in 12 regional sections
- ... **headquarters in Berlin** with 35 employees

The VCD offers information for the public on sustainable means of transportation. We lobby for better jurisdiction on sustainable mobility.

The VCD stands up for ...

environmentally friendly mobility, more public transport, more cycling, more walking and better traffic safety.

- ... **more buses and trains**
- ... **better service** in public transport, in particular more passenger rights
- ... **better conditions** for cycling, e. g. more bike lanes
- ... **better climate and environmental protection**
- ... **better and cleaner** cars, buses and motorcycles
 - ... less traffic noise
 - ... less toxic emissions
- ... **more space for children** on the pavement
- ... **more safety for children** on their way to school
- ... **more education** on sustainable mobility
- ... **no road casualties** – realisation of »Vision Zero«

The VCD offers its members ...

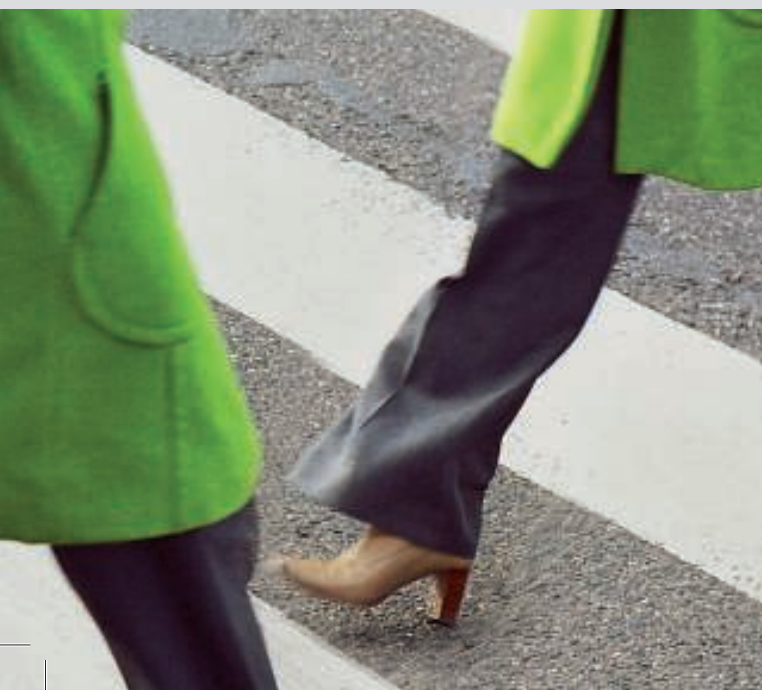

- ... **advice on all issues concerning transportation** worldwide, e. g. technical advice / counselling on environmentally friendly cars and travel information
- ... **the »fairkehr«** – a bimonthly magazine on new developments in sustainable transport
- ... **assistance** – help and support in cases of emergency in Europe and some neighbouring states – e. g. advice and information on car rentals and garages, train connections, doctors, interpreters
- ... **ecological automobile insurances** – the only one in Germany whose fee is directly related to CO₂-emission
- ... **breakdown assistance** – in Germany and abroad
- ... **foreign health and travel cancellation insurance**
- ... **ecological old-age pensions and eco-funds**

We publish and lobby!

Some of our publications

- ... »VCD Auto-Umweltliste« – annual environmental rating of cars focused on pollution and gas consumption
- ... »Zügig durch Europa« – information about the European railway connections and fares
- ... »Mobil im Urlaub« – tips for »car-free« holidays
- ... »FahrRad!« – internet based campaign to motivate young people to bike to school
- ... »Schule bewegt« – financial support for pupils' proposals on improved safety on their way to school
- ... »Masterplan Vision Zero – Null Verkehrstote« – information and policy recommendations to reduce casualties in road accidents
- ... **Alternative engines and fuels** – information and advice for car drivers
- ... **Air traffic** – information on environmental impact
